Reasons for Allowance

COMES NOW the Patent Office and states at least a reason for the Allowance of the Application, to wit: that the Prior Art neither teaches nor reasonably suggests a method of fabricating a medical device which includes the acts of: providing an elongate body member having proximate end portion, a distal portion and an annular wall defining a lumen, embedding a first conductor and a second conductor in the wall and at the one of the proximal end portion and the distal end portion of the body member, forming first and second conductive links extending through the wall, the first and second conductive links connected to the first conductor, forming third and fourth conductive links extending through the wall, the third and fourth conductive links electrically connected to the second conductor, electrically connecting a first electrode to the first and second conductive links and electrically connecting a second electrode to the third and fourth conductive links.

FURTHERMORE the Patent Office states not.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to C. J. Arbes whose telephone number is 571-272-4563. The examiner can normally be reached on M, T, R and F from 8 to 6.
